SKILLS

Programming & Scripting Languages: Python, JavaScript

Web Development: HTML, CSS, Django, Django Rest Framework

Database and ORM: SQL, MySQL, Django ORM

API Development and Testing Tools: Postman, Insomnia

Version Control: Git and GitHub

EXPERIENCE

As a part time Python-Django developer trainee over the company I have been a influence of my mentor Er. Suman Tamang. It has been a great experience of learning from the company and team.

PROJECTS

Ecommerce Website | <https://github.com/UmeshBabu7/Ecommerce-Website.git>

An advanced ecommerce platform with user authentication, password reset, order/cart management, Khalti payment integration, search, pagination, and admin panel.

Responsive Portfolio Website | <https://github.com/UmeshBabu7/Responsive-Portfolio-Website.git>

A personal portfolio site built using HTML, CSS, JS, and Django backend. Fully responsive and includes links to GitHub, LinkedIn, Email, and downloadable resume.

Building REST APIs with DRF | <https://github.com/UmeshBabu7/Building-APIs.git>

Developed RESTful APIs with features like authentication, filtering, searching, pagination, serialization, deserialization, and debugging with Django Debug Toolbar.

Blog Website | <https://github.com/UmeshBabu7/Blog.git>

Complete blog system with user authentication, form validation, pagination, and unit testing. Only authenticated users can create or update posts.

Keep Notes Website | <https://github.com/UmeshBabu7/Keep-Notes.git>

A secure note-taking website with full CRUD functionality, restricted to logged-in users only.

LMS | <https://github.com/UmeshBabu7/Library-Management-System.git>

Microservices-based scalable system with Django backend for managing books, members, borrowing, notifications, and search features.

Blue Collar | <https://github.com/UmeshBabu7/blue-caller.git>

A worker appointment platform where users can find and hire nearby workers based on their needs.

CMS | <https://github.com/UmeshBabu7/CRM.git>

A Customer Relationship Management built with Django, where this CMS helps you manage your leads.
